RIOTING

Robots do what their creators tell them – whether it's good or bad!

ROBOTS

These **royal robots** searched Earth for their own planet's new king, who was hiding from them. The robots dumped all humans into **another dimension**, so they wouldn't get in their way. Sarah Jane's friends Clyde and Rani got everyone back, though. Phew!

No, you can't have my head – I'm using it!

The **Clockwork Robots** weren't evil – they just wanted to fix their spaceship. But they wanted to fix it using **bits of people**!

My Daleks will conquer the galaxy!

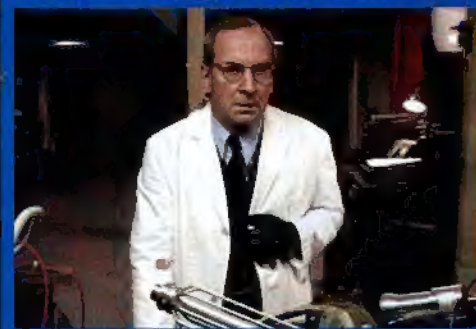

ROBOT HAND

Beware free upgrades! The **Daleks** and **Cybermen** might have robot shells, but there are living creatures inside them. Yuck! Dalek creator **Davros** has got robotic bits, like his claw-like metal hand, to replace body parts that have fallen off.

INSIDE A CYBERMAN'S HEAD – EWWW!

Bracewell was a robot created by the Daleks as part of a sneaky plan. They made him believe he was a human inventor. When the truth was revealed, he proved to the Doctor and **Winston Churchill** that he was now on their side!

AFFIRMATIVE MISTRESS

Sarah Janes's robot dog K-9
is quite the hero.

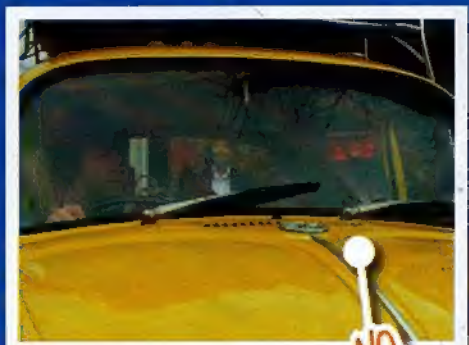

BOOM DOG

This battered old K-9 was destroyed when he blew up the Krillitane. Poor little K-9.

GANG DOG

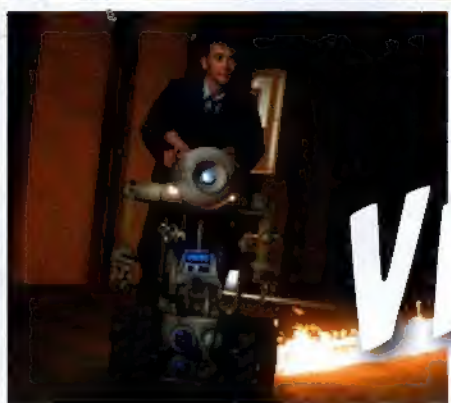

The Doctor built Sarah Jane a replacement K-9, who has helped the Bannerman Road gang defeat all sorts of scary monsters.

DOG GONE!

NO,
DON'T GO!

Now K-9 has gone off to university with Sarah Jane's son, Luke. But he promises to pop back when he's needed!

An adapted worker drone, **Gadget** was useful for doing odd jobs on **Mars** and (with a bit of sonic) escaping from monsters at top speed. Go go Gadget!

HOW WAS IT DONE?

The producers have to be careful not to damage Matt Smith during filming! So brave stunt man Gordon Seed is dressed up as the Doctor.

THAT'S

COMPETITION RULES: 1. You can enter if you live in England, Wales, Scotland, Northern Ireland or the Channel Islands, unless someone who lives in your house works for the BBC or BBC Worldwide. 2. All of our competitions follow the BBC Code of Conduct for competitions – you can read this at www.bbc.co.uk/competitioncode. 3. By entering the competition, you promise to us that you have read these rules and that you will follow them. 4. You must make sure that we have your entry by midnight on 17 November 2010. 5. We can't include entries which arrive too late and we can't accept responsibility if your entry is lost in the post. If your entry is damaged before it reaches us, we may not be able to include it in the competition. 6. We will only use your name, address and any other details that you give us for the purpose of this competition. Where necessary, BBC Worldwide will supply the winners' details to the sponsor for prize fulfilment but we won't publish them or provide them to anyone else without your permission. You can read the BBC Privacy Policy at www.bbc.co.uk/privacy. 7. We will choose the winners at random from all of the right answers that we receive. 8. If you win the competition, we may use your first name and the county that you live in or your full name and age (and a photo if you've sent one to us) in Doctor Who Adventures magazine. 9. You must only enter this competition once. We don't allow bulk entries or entries made by other people on your behalf. 10. If you win, you will receive the prize described. We won't swap the prize for cash. If there's ever a reason why we can't give you exactly the same prize, we'll give you something just as good or better instead. 11. Winners will be notified within 28 days of a competition closing date, either by post, telephone or email. 12. You can find out who the winners are once the competition is over by sending a stamped envelope with your own address written on it to Competition Rules, ATTN: Rebecca Windsor, BBC Worldwide, Ground Floor, Media Centre, 201 Wood Lane, W12 7TQ. 13. If we contact you to tell you you're a winner, but you don't reply within a month, we may have to offer the prize to a runner-up or give it away in a future competition.

DANNY'S SJA SECRETS

**This week,
we talk
exclusively
to SJA actor
Daniel
Anthony!**

**Do you like
doing your
own stunts?**

"I love it! Danny Hargreaves, our special-effects guy, is brilliant. For *The Vault of Secrets*, he made sure it was really safe, a nice dive on to a crash mat. But there's a **big bang**, you really go for it and it looks amazing! I look like James Bond!"

**You and
Tommy
(Luke) used
to play
pranks on
the crew...**

"Yeah, and before he left we initiated Anjli (Rani) into the **mischief-making**, so she helps me out. I come up with the pranks myself, I'm the ringleader. But she's my prank wingman! No, wingwoman. She's good."

**How was acting with
batty old SJ?**

"That was the **most hilarious day ever!** I made a point of not seeing Lis (Sarah Jane) until we got on set because I wanted my reaction to be real. And then she's in this grey wig and on a mobility scooter! It was a very long day's shoot because I kept laughing!"

LOST ON A BEACH IN TIME

Richard Blackwood
ADVENTURES

In *Lost in Time*, Clyde is stranded in 1941...

"That was weird, being split up from Anjali and Lis. It was four days filming without them - but it felt like **four months**! I was with Richard - who plays George - and I'd never filmed on a beach before. You see us all in a different light in that story. It's good to see a different side of Clyde."

What was Katy Manning (Jo) like?

"She's the loveliest woman you could ever hope to meet. But she's **loopy** - and she knows it. That first scene, where she comes in and doesn't stop talking, that's exactly what she was like!"

The *scientists*
are confident
we will, sir.

BUT THEY'RE
IN FOR A
SURPRISE!

Astronauts.
Love an
astronaut!
I'm Amy.

Hello! I'm the Doctor.
Are you looking for *ice*?
We're looking for ice,
too! The TARDIS *fridge*
is broken, you see.

All the
probes say
there is frozen
water here.

And your probes
are right. This crater is
always in a *shadow* so
it's freezing... Brrr.

A FEW MINUTES LATER...

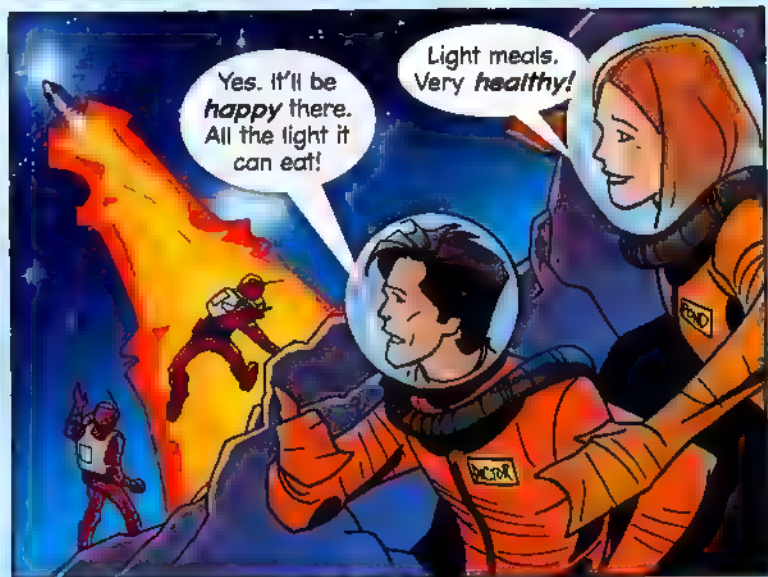

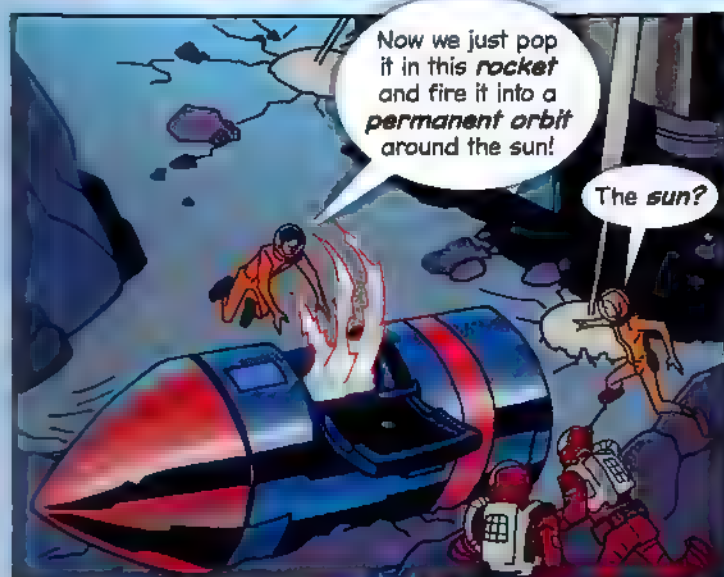

That creature
is a *Tyk* and it *eats*
light. It must have
been trapped down
there by the
shadow.

And it's
getting
bigger.

That's nothing.
It can grow as
big as a *tower*
block if it gets
enough light.

So what
do we do,
Doctor?

I need a
